

# HOARDTEK

TEMPORARY HOARDING SPECIALISTS

## Food Factories

Completely hygienic screen that is easily maintained

The snap together panels form a hygienic barrier that can be routinely sanitised.

Available with door and vision panel options

Our team will design a hoarding to suit specific site needs. All doors have a variety of fixings and designs to suit both emergency and security areas.

Freestanding system, no need to fasten to the floor or ceiling

There is no requirement for expensive and time consuming of making good of fixing points.

Quick to erect and easy to adapt

The modular system is versatile and snaps together with ease. Minimising disruption and saving you time and money.

Free on site induction for self assembly

Training and installation guidance provided with all our systems.

Fire resistant systems

HoardTek are able to provide a full range of fire resistant screens to meet any specification.

Fully reusable and recyclable

All panels are made from at least 85% post consumer uPVC product. They are then in turn recyclable at the end of their lifespan.

Bespoke designs

Our range of panels can be used to create permanent, semi-permanent or temporary structures.
